### **ASX Company announcements**

#### **Funds secured and graphite program to commence**

Lamboo Resources is delighted to announce the successful completion of its fund raising which closed oversubscribed. The Company was reinstated to official quotation on ASX at open of market today.

The Company is now facilitating the next phase towards the development of a JORC compliant resource at the McIntosh flake graphite project in the East Kimberley.

A diamond drill rig and a reverse circulation (RC) rig have been sourced and are available for the commencement of a planned drilling program which will commence as soon as practicable. Approximately 3000m of diamond drilling and 2000m of RC drilling are planned as part of this initial program and will continue until the start of the wet season commencement usually around late November 2012.

Yours sincerely

Richard Trevillion
